MEMORANDUM FOR: Information Review Officer, DI

FROM:

Chief, Classification Review Division  
Office of Information Services, DDA

25X1

SUBJECT: Review of Fourth Set of OER Publication  
"International Oil Developments" (U)

1. Attached is the fourth set of ten issues of "International Oil Developments" (ER IOD 75-32 thru 75-41) which is part of the mandatory review request for this publication for the year 1975. CRD performed the initial review of these issues after consultation with several specialists in the DI. But, given the technical nature of the subject and variety of  sources used, CRD is coordinating the review with the DI specialists, as we discussed earlier, to ensure that the review is complete and accurate. (U)

2. Attached to each document is a worksheet to explain and record all actions taken during the review. Please return the material to us so that we can incorporate the results from your coordination and prepare the documents in final form for return to IPD. (U)

3. We realize the difficulty in getting a complex and time-consuming project such as this one reviewed, and we hope that the arrival of this fourth set (in a total of five) will lend further momentum to the review. (U)
